I received this week a well-written and very logical, but anonymous letter relating to the USO-WPA controversy. I am not publishing it for two reasons, viz: first, it was unsigned, and second, I think it is time to quit filling fuel on the fire.

Tom Abernethy, who was "rained out" last Saturday, will speak in the hall at 5 p. m. this Saturday.

Senator Theo. G. Bilbo will speak here next Thursday afternoon, August 29th at 2:30.

Don Rotund Ross, candidate for the U. S. Senate, will speak here Saturday morning, August 22, at 10 o'clock.

Nobody can accuse either of the above mentioned speakers of being "half-breed" doctors. Both belong to Class A, too much belly, too much intellect, too much bridge work and too much fun.

Rotund Ross is running for the Senate but nobody seems to know what he is running for unless he is running off at the mouth.

If his bellies are bulging at statesmanship, that pair would be a real pair to represent Mississippi.

Let's always keep in mind that we are in war and that the SERVICE we need to get MUST be curtailed, and will probably be curtailed more as time goes on.

I hope Allen read Paul Mannon's column appearing in the Commercial Appeal Thursday morning. It was an answer to Allen's repeated prayers that Roosevelt appoint some young combat officers to command our forces. Mr. Mannon reported that 500 YOI NG officers had been elevated to lieutenant and major generals recently.

A batch of individual printed letterheads and envelopes certainly would be a fine gift for the man in service. We have prepared ourselves to print the 100 printed letterheads with name and address, and 100 printed envelopes, for \$200; 200 of each for \$300.

The telephone company, the post office and the power company, to mention three of the major SERVICE organizations, have lost large numbers of experienced men who have gone in to the armed services. At the same time the local "load" on each of these organizations has greatly increased. Therefore, we people who have been supersaturated with "service" these many years, MUST remember the difficulties of operating a GREATER business with a REDUCED experienced personnel. If mail delivery is a few minutes late, remember the people of Island who never get mail. If the operator is a little slow in answering, do not fret and fume, but remember that the folks in Russia have no telephone service at all. If the power is shut off more than usual, remember that the time MAY come when we have no power at all. Be patient. Remember, we are at war.

Many tell me that they are going to vote with me, "Vote again every day one in Washington."

Another thing: when you offer to vote on August 25th, you MUST have your poll tax receipts with you.

During the most momentous times in the United States has seen since Valley Forge, Mississippi is NOT represented by anyone in Washington. Isn't that a hell of a note? Unfortunately for Mississippi, it is barely represented when ALL are there.

Babe Costelow showed up after the ad last week.

Many of you failed to register on the new registration books and, therefore, will be unable to vote on August 25th. Right now, while you think of it, go to Charlie Worsham and register so that, if you are otherwise qualified, you can vote next year.

Here Mr. Top, I heard a feller last night say that Mr. Long Steepford was looking on a lotta broken stock, what did he mean Mr. Top.

Aunt Jeanette McDonald pretty.

Sent that soldier an absentee ballot before it is too late.

Dear Mary: Ben Adams, Earl Burkley and I are looking after your hubby. Do not worry too much.

Have some stationery printed for that soldier or sailor.

Greenfield looks right nice in his new hat.

Horn and Greenfield face a week end of idleness and sin this week-end unless somebody brings in some job printing for them to do.

Mrs. Julia Evelyn Jacks Died Suddenly Sunday

As she was going from her kitchen in her country home near Torrance Sunday morning, August 19th, 1942, to water some of her potted flowers, Mrs. Julia Evelyn Jacks, widow of the late N. B. Jacks, died from heart failure.

She was the daughter of the late J. L. and Mary Windham Hayward, staunch and respected citizens of our neighboring county of Montgomery, and was born October 6, 1895. Before her marriage in 1918 to Mr. Nathaniel R. Jacks, of that community, she taught in neighborhood schools. For many years, the family has lived on its own farm on Highway 7 just south of the Yalobusha-Grenada county line.

Mrs. Jacks died about four years ago. The Blue says, "By their fruits, ye shall know them." The writer, the personally acquainted with Mr. Jacks and all of the Jacks boys, never knew or saw Mrs. Jacks. Yet, the "fruits" indicate unerringly what kind of "tree" this esteemed lady was. I have never known a finer, more upright and honest and industrious set of children than these from the Jacks home. Certainly, these fine traits must have been instilled into these children, now men and women, by their mother and father. It was most fitting that Mrs. Jacks died as she lived—basking under the duties of her household. She was a member of the Baptist faith.

She was buried at Woodlawn cemetery in Grenada, Rev. Vassar McDonald, of Water Valley, was the pastor who was in charge of the funeral services.

Of the thirteen children born to Mr. and Mrs. Jacks, ten survive: Wm. Cecil Jacks, who lived at the old home with his mother; Mrs. E. R. Brown, of Big Creek; Mrs. A. C. Vickery, of Grenada; T. H. Jacks, of Philadelphia; N. D. Jacks, U.S.N., New York; Geo. W. Jacks, of Baton Rouge; Talford L. Jacks, of Grenada; Bedford R. Jacks, of Pine Bluff; James Jacks, U.S.N., San Francisco; and Clyde E. Jacks, of Grenada. Twelve grandchildren also survive.

Four brothers and one sister also survive: Messrs. Will, Clyde, Taylor and Albert Hayward, and Mrs. O. E. Taylor, of Duck Hill.

To the bereaved, we extend our sincere sympathy.

Poll Tax Receipts Are Necessary To Vote

There has been considerable confusion as to the necessity of presentation of poll tax receipts at voting time on August 25th. It is necessary to have your poll tax receipts, two of "me" and it is necessary to bring them with you to the polls. Bring your receipt for 1942 taxes. (Probably about 1941) and your receipt for 1941 taxes (probably about 1942). Poll taxes for 1942 are not due until October 1st, but in order to be a registered voter you must have two poll tax receipts for the two preceding years.

If you are delinquent in other taxes, it makes no difference. You can vote anyway. But you don't have the poll tax receipts you are definitely not the candidates' choice.

Abernethy "Rained Out" Last Saturday

Hon. T. G. Abernethy, candidate for Congress, who was scheduled to speak in the public square last Saturday afternoon, had to cancel his speaking engagement on account of the rain which fell at the time. However, he took advantage of the presence of a large crowd assembled to mix, mingle and shake hands with the people.

Eastland On Radio

Jim Eastland, candidate for the U. S. Senate, will speak over WGRM (and other Mississippi radio stations) on Saturday of this week and on Tuesday, Thursday and Saturday of next week between 12:45 and 1 o'clock.

Sgt. Smith on Furlough

Sergeant John E. Smith, of Lubbock Army Flying School, arrived this week in Grenada, where he will spend his furlough.

A crew chief at this advanced twin-engine bomber training school, he has been at the Lubbock base since March 15 of this year.

Library Gets \$750.00

The City Council at its meeting on Monday night made an appropriation of \$750.00 to the Grenada County Library.

Receive Commissions In U. S. Navy

R. C. ADAMS, JR.
R. C. Adams, Jr., son of Mr. and Mrs. R. C. Adams, took 30 days preliminary training at Notre Dame, after which he attended classes at U. S. Naval Academy, Annapolis, Md., where he received his commission as Ensign in the U. S. Navy.

JOHN RUNDLE, JR.
John Rundle, Jr., son of Mr. and Mrs. John Rundle, took 30 days preliminary training at Notre Dame, after which he attended classes at U. S. Naval Academy, Annapolis, Md., where he received his commission as Ensign in the U. S. Navy.

Grenada Theatre Being Renovated and Redecorated

Home "Whisper" recent improvements and redecoration of Grenada Theatre being daily. Extensive up to a standard that would not be expected in a town the size of Grenada. The interior walls have been repainted in colors that harmonize perfectly. The ceiling has received a new coat of paint. Extensive new tile floors have been put down in the lobby and entrance and another for ladies have been thoroughly buffed with modern appliances. The roof and eaves have been painted; and the ornate draperies, curtains and the screen have received a thorough cleaning with a vacuum cleaner. Recently a brand new projection machine was installed. All in all, Grenada should share with Home Williams that he has in his renovated theatre.

Thus Grenada Grows.

Hon. A. M. Carothers Named Police Judge

Hon. Andrew M. Carothers was appointed as Police Judge of the City of Grenada at a recent meeting of the City Council. Tuesday afternoon, Mr. Carothers is a native of Grenada.

POLICE JUDGE

knows Grenada people, and, we believe, his appointment will meet with almost universal approval.

A judge, like a plaintiff, should come to court with clean hands. Mr. Carothers can do this unusual thing.

We congratulate the Mayor and the Board upon a wise selection, and predict that Mr. Carothers will deal out justice impartially.

A million and a half air base, covering nearly 2000 acres, is a visual certainty for this area. The national USO, since it has been invited to care for the soldiers, MUST start immediately. Otherwise, Grenada is going to be deluged with wandering soldiers.

NOT BAD

From July 18 to August 7, the GCW added 27 new subscribers.

This figure would not be very impressive in the circulation departments of the Chicago Tribune or the Tupelo Journal, but it is very flattering to a small country newspaper like the GCW.

Government Acquires 1910 Acres For Air Base

A. L. S. Deputy Marshal, on last Saturday secured the necessary papers for the purchase of land in the Bolivar and near Highway which acquired in a town the size of Grenada. The interior walls have been repainted in colors that harmonize perfectly. The ceiling has received a new coat of paint. Extensive new tile floors have been put down in the lobby and entrance and another for ladies have been thoroughly buffed with modern appliances. The roof and eaves have been painted; and the ornate draperies, curtains and the screen have received a thorough cleaning with a vacuum cleaner. Recently a brand new projection machine was installed. All in all, Grenada should share with Home Williams that he has in his renovated theatre.

Others affected are the city council, Wm. Hayward, Will Martin, Oscar Goodin, Mrs. West, Barksdale, and Louis Barksdale, who lost title to the land when the papers were served. Negotiations looking to prices will ensue.

Roughly, the east boundary of the tract is the section line between Sections 32-33 and Sections 28-29; the north boundary is a line running parallel to the road leading west from Highway and about 17 miles north thereof; the west line is the main line of the U. S. System, and the south line is a east-west line between Oscar Goodin's home and the old Will Hayward home. Nearly all of the land in the area is level land.

While the following is not official, it is believed that the government will spend over a million dollars to develop the camp there.

48 Trained Workers Placed In Defense Industries

The War Production Training School, operating as a part of the Vocational Department of Grenada, this school during the past month placed 48 trained workers in defense industries. These workers, completed an eight to twelve week course in Aircraft Structural and Riveting or Machine Shop Practice. Vocational schools are operated in such a manner that they are open to all interested persons up to and including their highest employment service to make application for enrollment. These are operated at four o'clock in the morning, and are open to the need of these workers and training to enter. Men, eighteen to thirty, not in a Selective Service Classification, and women eighteen to thirty-five are eligible to attend. There is no charge for the training, the cost being borne by the Mississippi State Vocational Department through the cooperation of the U. S. Office of Education.

Anyone desiring further particulars may address inquiries to L. E. Norworthy, Supervisor, War Production Training, Grenada, Miss.

Miscellaneous Shower at Gore Springs

On Wednesday afternoon, August 5, the Club Women gathered at the home of E. C. building and honored little Donna Annie Leverette with a miscellaneous shower.

After arriving, all enjoyed several games and contests. Then little Peggy Ann Neely and Martha Nell McAdams entered the room pushing a baby carriage filled with beautiful gifts for little Donna Annie Leverette. As she was absent the carriage was pushed to the side of her mother, Mrs. George Leverette, where she took the gifts and passed them around to the guests to see, then fast but not least, all enjoyed a feast of sandwiches, chicken, cake and tea. All enjoyed the afternoon very much. Contributed.

Sent it to Robert Ripley: a sovereign state (Mississippi) with NO representation in Washington during a period of stress, the like of which this nation has never before known.

Funeral Services For Mrs. John L. Milner Died Here Helene Beatty Held Monday Last Saturday Morning

Funeral services for Mrs. John L. Milner, who died in her home in Bolivar, Mississippi, on Monday morning, August 18th, 1942, at the age of 84, will be held at 10 o'clock, Monday morning, August 24th, at the home of Mrs. J. L. Milner, Bolivar, Mississippi. Mrs. Milner was born in Mississippi, March 17, 1858, and was the daughter of Mr. and Mrs. J. L. Milner. She was married to Mr. John L. Milner in 1878. They had three children: Mr. John L. Milner, Jr., who died in 1938; Mr. John L. Milner, III, who died in 1939; and Mrs. Helene Beatty, who died in 1942. Mrs. Milner was a member of the Methodist Episcopal Church, South, and was a devout Christian. She was a kind and generous person, and was loved by all who knew her.

The soldiers will soon be upon us. The USO has been invited by the City Council to take charge of the recreational facilities for the soldiers. The USO should get busy and stay busy, else Grenada will be swamped overnight.

Your attention is invited to an ad in this issue in which the GCW announces that it is prepared to produce stationery for soldiers; 100 sheets of bond paper and 100 printed envelopes. We will wrap the package ready for mailing. The price is \$2.00. If you want 200 sheets and 200 envelopes the price is \$3.00.

It is now up to ALL factions to get together and work TOGETHER in an effort to entertain the soldiers.

I am particularly anxious for EVERYBODY who has a just cause of complaint about prices received for their land in the cantonment area to come by and give me the data. The best ammunition at all can be had from these cases; where the land bank loaned more on the land than the government paid for the land, where a bona fide offer of recent date, greater than the amount offered by the government, was received; where the FSA sold land recently at a price greater than the government offered. What we want are cases where one government agent said one thing and another government agent said another. This matter means nothing to me personally but, believing that the government wanted to lean backwards in its generosity in purchase, I think that some good can be accomplished by assembling the data and presenting it in a comprehensive manner. There is nothing to be expected from the politicians, as has been shown.

We have have so many renewals and so many new subscribers here lately that our pocketbook has been bulging with one dollar bills.

Lena Butler, of Holcomb, was one of those who pitched in two dollars Tuesday. The GCW is his pillar of fire by night and his pillar of cloud by day.

Mr. Ford, candidate for Congress spoke here Wednesday.

Rotund Ross Collins will speak here Saturday, Aug. 22. If the GCW lied on him, he should say so.

Our favorite ticket seller, nee favorite waitress, has a new blonde head of assistant.

I want to put one fellow's name in the paper mighty bad, but am scared it would cost me two dollars.

A whole raft of folks put their feet and yell "amen" when the county a suit business is brought up. Don't tell me, tell your supervisor.

Wonder how An Preessgrove is getting along.

Sister Horn collects \$1.10 from me every month, but I get \$2.00 every year.

Tragic as it may seem, a lot of those boys who left here Tuesday morning will never wear civilian clothes again. Some will be buried in unmarked graves on foreign soil.

How foolish and how futile is war! There will be no real winners in the present war. The "winner" will be fasting for breath while the loser will be prone on the ground. In the meantime, the flower of manhood of the entire earth will be killed, wounded or will have lost their best chance for a start in civilian life. Untold billions of dollars will have been spent. Buildings, roads, bridges, dams, oil wells and countless other installations designed for the betterment of mankind will be destroyed. And, at the end, starvation and pestilence, the twin menaces of human life, will stalk the earth. How foolish and how futile is war! Death is war's only winner.

Good morning Judge Carothers. I want beating that woman I was just stroking her with a broom stick.

Even though I cannot get to all the new ones, I will mention the fact that Nick's Place has been added to our list.

Let the scars of our local war heal quickly. Let's all get together and unite in our herculean task of helping provide recreation for the soldiers.

A good many people, according to their own statements, will vote my ticket: "Vote against every damn man in Washington."

It is not too late to have absentee ballots sent to the soldiers who are still in the United States. See Charlie about this.

NUMBER THREE

GRENADA CITY SCHOOLS TO OPEN SEPTEMBER 3rd

Grenada City Schools are scheduled to open on Thursday, September 3, TO PARENTS AND PUPILS.

Attention of parents and pupils is called to a change that is being made in the daily schedule:

Hand practice will take place each morning from 8:00 to 9 o'clock. The daily class schedule will begin at 9 o'clock instead of 8:30. The noon hour will be the same; namely, from 12:30 to 12:55. Dismissal in the afternoon will be 3:40. All bus drivers are requested to reach school by 8:45 each morning.

REGISTRATION

Elementary: Tuesday and Wednesday, August 18 and 19—all city children; Thursday, August 20—The Plant, Elliott and Fair Ground; Friday, August 21—Wolfe-Hardy, Valley Hill, Brooks and Enon.

High School: Wednesday, August 26—ninth grade and new pupils from other schools; Thursday, August 27—tenth and eleventh grades; Friday, August 28—twelfth grade.

All new pupils of elementary and high school grades will please bring report cards or transcript of credits from school previously attended.

SCHOOL FACILITIES

Naturally, we are being asked by many people how we are going to take care of increased enrollment for which the Army Camp is responsible. In answer to that question, at this time we cannot say. We do not know how many additional pupils we will have nor do we know what facilities will be available. We have been doing the best we can in conjunction with the Government representative to provide for this emergency. We ask the cooperation and the patience and the sympathy of the citizenship of Grenada as we try to work out the serious problems with which we are and will be confronted.

SCHOOL BAND

As already announced, our school band is directed by Mr. Allen Cash, an experienced band director and graduate of Murray State Teachers' College, of Kentucky. We request that all parents who wish to enter their children in the band register early. Mr. Cash is available at the school building every day.

SCHOOL TELEPHONES

Since Miss Horn, principal of the elementary school, is a very busy woman every minute of the day, we request that only important or emergency calls be made over her telephone. Please do not call on minor matters and make all calls brief. The same applies to the phone in the superintendent's office.

TEXTBOOKS

Last session was our first year with free school textbooks in the Elementary School. We wish to thank the parents and children for the unexcelled good care taken of those books. More than 3,000 books were used and not a book was lost. All these books are available for this session. High School textbooks will be free this year. We expect the books to be available on the opening day of school. Any textbooks that were used last year that are on the adopted list this year and that are in good condition, parents are requested to donate to the school since they will be of no further use out of school. This will mean economy that will be appreciated by the textbook commission. Notebooks and workbooks must be purchased by the pupils.

PUPILS' SCHEDULES

If your child in the high school cannot get the individual schedule desired, please remember that it is impossible to provide every child just such studies as they request. There is a limited number for every class and every class room.

More than twice as many pupils are asking for commercial subjects as can be cared for. Some other attractive courses will be overloaded. Changes in schedules will have to be made and we beg the cooperation and appreciation of parents and pupils in what we are trying to do to satisfy as far as we possibly can.

HOUSES FOR TEACHERS

The public school is a public asset and responsibility. For our schools to function, teachers must be provided and when teachers are provided, homes must be available for these teachers. We have had a very encouraging and generous response from some of our best citizens in helping us find homes for teachers for the coming session. (Continued on page 4-2nd Section)

WAKE UP MISSISSIPPI!

On Tuesday, August 25—Keep Those Who Have FAILED AMERICA at Home!

—BY THEIR DEEDS YOU SHALL KNOW THEM—

ROSS COLLINS — The too-little and too-late Candidate — FAILED AMERICA:

—Ross Collins FAILED AMERICA when he fought the preparedness plans of Gen. Douglas MacArthur, the General Staff, the American Legion and other patriotic organizations.

—Ross Collins FAILED AMERICA when he voted against the constitution to prevent giving help to our allies.

—Ross Collins FAILED AMERICA when he worked and voted against expansion of the American air force.

—Ross Collins FAILED AMERICA when he spoke against the Selective Service Act and failed to vote either way on its final passage, or on its extension.

—ROSS COLLINS FAILED TO VOTE AGAINST THE PENSION FOR CONGRESSMEN!

WALL DOXEY — the do-nothing-pension voting Candidate — FAILED AMERICA:

—Wall Doxey FAILED AMERICA when he spent 12 years in Congress and never once raised his voice for an adequate Army and Navy.

—Wall Doxey FAILED AMERICA in November 1941 when, in reply to a letter from a Mississippian asking him to do SOMETHING about strikes in defense industries, Doxey replied: "I am a young senator and there is an old respected custom with reference to a young senator sounding off. I am inclined to respect that custom."

—Wall Doxey FAILED AMERICA when on January 19, 1942, less than six weeks after Pearl Harbor, he VOTED FOR THE PENSION BILL for Congressmen and Senators and RAISED HIS VOICE IN A VIGOROUS SPEECH IN DEFENSE OF THE PENSION.

Vote for JIM EASTLAND for U.S. Senator

JIM EASTLAND—in 88 Days in the Senate SERVED AMERICA and the South:

—JIM EASTLAND served America and the South by his prompt and successful fight to prevent the dumping of government-owned cotton on the market in competition with farmer-owned cotton, thus preventing a break in the cotton market last year of \$20.00 a bale. Jim Eastland was credited by the Press, of bringing \$50,000,000 to Mississippi last Fall.

—JIM EASTLAND served America and the South by his successful fight to prevent importation of 400,000 bales of Brazilian cotton.

—JIM EASTLAND served America and the South by his successful fight to remove ceiling price on cottonseed. Cottonseed immediately rose from \$30 to \$50 a ton.

—JIM EASTLAND served America and the South by preventing disastrous ceiling prices on southern pine timber.

—JIM EASTLAND went to work—he got results. Farmers, small businessmen, all Mississippians need an aggressive man like Jim Eastland in the Senate.

Do, in a Pinch

An official, completing the records of a young woman volunteer for war services, asked who was her next-of-kin.

"I haven't any," she said.

"What?" said the official; "no father, mother, aunts, brothers, uncles?"

"No," she said, and then, after a pause, she added, doubtfully: "There's my husband, if he'll do."

It is generally conceded that women are the fair sex. But does that imply that the men are unfair?

That Kind

"In my time I've had a dozen men at my feet," she boasted.

"Chorepods?" inquired her friend.

One Called For

A blushing young woman handed the telegraph clerk a telegram containing only a name, address and one word—"Yes."

"If wishing to be helpful, the clerk said: 'You know, you can send five more words for the same price.'"

"I know I can," replied the young woman, "but don't you think I'd look too eager if I said it six times?"

That Sort of Fellow

"Is that man annoyed with you?" I notice he didn't return your greeting."

"Oh, he lives next door to me. He never returns anything."

From an old French word "mes," derived from the Latin word "missus," meaning a course at a meal, comes the Army's name "mess" for its breakfast, dinner, and supper. Favorite meal with the soldier is chicken dinner. (Based on actual sales records from Post Exchanges.) A carton of Camels, by the way, is the gift he prefers first of all from the folks back home. He's said so. Local tobacco dealers are featuring Camel cartons to send anywhere to men in the armed forces. —Adv.

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.
When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Issued on Doan's. Sold at all drug stores.

Smart White Accents Bring Costumes Up to the Minute

By CHERIE NICHOLAS

ALL signs point to a continuance through fall and winter of the high fashion rank accorded during the past months to pretty, flattering and "feminizing" white accents on dark costumes. The vogue for dark dresses and suits highlighted with lovely, lacy neckwear and various other frilly, immaculately white touches is particularly apropos at the immediate moment in that it so beautifully solves that tantalizing problem of smart and timely dressing through the "betwixt and between" season which leads from summer into fall.

For the touch that is warranted to lend a new lease of life to summer-on-the-wane clothes that you are loath to give up as long as warmish days persist, regardless of what the calendar has to say about it, there is nothing that surpasses the refreshing prettiness of dashes and splashes of billowy, frilly white. That is why so many fashion-wise women have taken to collecting a "neckwear wardrobe," just as the college girl once collected sweaters.

What with suits registering as fashion "firsts" on the fall style program, one of the most-to-be-desired items you can put in your collection of lacy fineries is a dainty dickey of exquisitely embroidered organza like that pictured above to the right in the illustration. Note, particularly, the cunning self fabric bow tie fastening, a new note in last-word chic. A dickey of this patrician type is a choice possession that will prove to be "a thing of beauty and a joy forever." Incidentally, we might add that reports from neckwear departments say there are more calls for dickets to wear with suits this season than ever before. One of the clever diversions milliners are indulging in is the trimming of hats with dramatic lingerie touches, ruffles and frills especially. You can see by the picture how effective the result is.

The jabot of hand-crocheted lace pictured at the top left is another

item that should be included in every neckwear collection. It will prove a standby when an extra touch of allure is needed. You will be wearing it with your suit, and it will prove definitely "right" with your one-piece frocks and your blouses.

As inspiring and as spirit lifting as a good repartee is the bright and piquant set of scalloped organza collar and cuffs illustrated below to the left in the group. A handsome set like this is a miracle worker when it comes to imparting a dressy afternoon look to a simple daytime frock.

To set off a pretty face and to add glory to a dark dress, the adorable collar at the lower right in the above illustration possesses a fetching way all its own. Spanking white and crisp and immaculate, it will add a lilt to your walk and a gayness to your spirit. The handsome Venise lace that edges it helps to make the vote unanimous that it is one of the prettiest collars brought out this season.

Speaking of lacy accents, here's news for fall that really is news. It's in regard to the new velvetene suits now being shown in smart autumn fashion previews. The all lace blouse of Alencon or Chantilly to wear with it is cast for an important role. Froths of lace in pretty confusion cascade down the front of some of the blouses. They will add grace and daintiness to fall and winter suits for cocktail and on-into-the-evening affairs. Sports blouses will be good, also, and neat, trim and spic-and-span looking. Colorful wool lace blouses are also scheduled for fashion prestige.

Fall Coat

There is a movement among women, which is gaining momentum with each passing day, toward buying apparel of enduring quality and the genteel smartness which reflects discriminating selection. The simple good taste characteristic of the better fall coats is exemplified in the model pictured above. The Forstmann woolen of which it is tailored has quality in look and in velvety texture. For the rest, the appeal of this coat centers in the gentle modulation of its superb lines and in the color, for color is scheduled to play a most important role in coats and suits this fall.

Show Wash Cottons For School, Dates

The vogue for tubable cottons goes on at a rapid pace. Back-to-school wardrobes, especially, include cottons, many which look like wool being made up into suits and even coats.

Jacket suit-dresses of richly colorful plaid ginghams are high style for town wear, and black linen or shantung costumes are holding good and will continue to do so until really fall days set in.

Young folks who eagerly don "after duty" dresses, when uniforms are laid aside after hours of war work, take keen delight in the crisp organzies, dotted swisses and smart piques that make up so pleasingly into dance frocks.

The honors for loveliness go especially to the new crinkled seersuckers that are beautifully flower-printed and are so sheer and tissue-like they are exquisitely dainty and feminine. These are for the most part made with wide swirling skirts, or are ruffled in triple tiers for the skirt.

Velvet Trim

Very new and attractive are the new black wool coats that are colored and cuffed with velvet. Some of them are tied with a sash of velvet to one side. Other new models have velvet yokes or plastrons.

Felt Flowers

The newest felt hats are sporting cunning felt flower trims. The flowers are cutouts in multi-colors. These are attached to the off-the-face brim so that the petals are left free and away from the back-ground.

PATTERNS SEWING CIRCLE

SO, YOU are going to have a baby! Well, the clothes problem can be settled very easily—with a frock and jacket—just the type we offer in this pattern.

Onion juice should be added after a mixture is cooked rather than cooked with the mixture if the best flavor is desired.

Sweet corn, green string beans, green peas, pumpkins, squash, celery and greens are best vegetables for home drying. Apples and berries are adapted to drying in the home among fruits.

To keep bread in the best condition, store it when cool in a clean, well-aired, covered, ventilated container and keep in a cool, dry place.

That fish may be sealed much easier by first dipping them into boiling water for a minute.

Food bought in season will help to keep that part of the budget within reason.

To protect garden shoes keep them well greased or oiled with neat's-foot oil or cod or castor oil, tallow or wool grease. Let dry in a warm place.

Rancidity in lard can be prevented by keeping it away from air, light and warmth. Store in tin or crockery containers in a cool place.

Sheets and other linens should be ironed in different folds each week so the creases will not break through.

Frock has cap sleeves, pleats down the front provide all the extra fullness needed and is very easy to make. The jacket tops off a very successful outfit which can be produced at small expense at home.

Every mother in the land will want to bake these scrumptious cookies. Children will demolish a plate of them in a wink. Grown-ups rave about their "different" taste and new crunchy texture. They're made, of course, with the famous cereal, Kellogg's All-Bran.

CELLOGG'S ALL-BRAN FUDGE SQUARES
3 squares un-sweetened
1 cup sugar
1 cup flour
1 cup All-Bran
1/2 cup butter
1/2 cup nutmeats
2 eggs
1 teaspoon vanilla extract
Melt chocolate over hot water and add butter. Beat eggs well, add sugar and beat until light and fluffy. Add melted chocolate and butter. Stir in flour, All-Bran, chopped nutmeats and flavoring. Pour into greased pan, making a layer about one-third inch thick. Bake in moderate oven (375°F.) about 20 minutes. Yield: Sixteen 2-inch squares (8 x 8 inch pan).

Farm Building Must Have Board's Permit

WPB Recognizes Need of Limited Construction

County war boards of the United States department of agriculture will co-operate with the War Production board in handling applications for authorization to begin construction work on farms, the War Production board announced.

The United States department of agriculture is co-operating with the WPB in formulating policies under which county and state U. S. D. A. war boards will make recommendations covering farm residential and agricultural construction. Projects recommended by these boards will be forwarded to the War Production board for final approval.

Order L-41, issued by the War Production board, prohibits the start of unauthorized construction projects which use materials, labor and construction equipment needed in

the war effort, and places all new publicly and privately financed construction under rigid control.

The War Production board recognizes that a limited amount of construction by farmers is necessary to maintain and increase production to meet agricultural goals and that certain off-the-farm facilities are also needed for the production, handling and processing of farm products.

A farmer planning to begin construction which needs authorization should consult his county United States department of agriculture war board.

All farm projects, including residential, agricultural, and off-the-farm construction, such as warehouses, processing plants, creameries, etc., will be considered first by the United States department of agriculture county war boards. Applications for projects recommended by these boards will be sent to state war boards and then to the department of agriculture.

The department will consider the recommendations and send to the War Production board for final approval those which are deemed essential.

So far as residential construction is concerned, farm dwellings are covered by the same regulations as other residential construction. If farm residential construction, during any 12-month period, costs less than \$500 per farm, no authorization is necessary. Likewise no authorization is required for construction begun prior to April 9, 1942, for maintenance and repairs; or for reconstruction or restoration of farm residential construction damaged or destroyed after December 31, 1941, by fire, flood, tornado, earthquake, act of God or by public enemy.

Take Care of Your Milking Machine as Parts Are Hard to Get

The milking machine is essential to wartime agricultural production, and must be cared for properly because shortages of rubber and metal will not permit normal replacement.

The following rules for the care of rubber milking machine parts are suggested:

Use two separate sets of liners, alternating them each week. Rubber needs "rest."

Keep liners tight in teat-cup shells.

Keep milker rubber parts clean and free from all butterfat, which causes deterioration.

Rubber cuts easily when wet. Use care in assembly and disassembly of units.

Do not use chlorine solutions of a strength exceeding 250 parts per million, for excessively strong chlorine solutions will injure rubber.

If lye is used in the care of rubber parts, be sure that it does not remain in contact with the metal parts.

Battling Soil Erosion

Legume crops such as alfalfa, clover, soybeans and lespedeza are being used with increasing success as "heavy artillery" in fighting the battle of soil erosion. Legumes keep the topsoil in place, deposit nitrogen in soil and provide it with needed supplies of organic matter. To do their best work, legumes should be reinforced by intelligent soil management such as the use of fertilizers high in phosphorus and potash.

ISAAC PRACTICES PEACE

LESSON TEXT—Genesis 26:18-31.
GOLDEN TEXT—Blessed are the peace-makers: for they shall be called the children of God.—Matthew 5:9.

To talk peace in a warring world seems almost futile, and so it is, unless it be the peace of God. In a world largely dominated by the philosophy that might makes right, and in which men demand what they call their rights, taking them even by lawless and violent methods, it is increasingly difficult to proclaim the truth that patience and meekness are not weakness, but are Christian virtues worth emulating.

The story of Isaac is interesting from beginning to end. He was an ordinary man, one of the common people. He had come through varied experiences of victory and defeat before the time of our lesson. Fearing a famine, and apparently not trusting God at the moment, he had gone down from the promised land to the country of the Philistines, there redigging the wells which his father Abraham had dug. The result was that he prospered. Ere long, however, envy on the part of his enemies taught Isaac that—

I. Peace in This World Is Temporary (vv. 18-21).

Isaac had prospered, but he was still out of the promised land, and while he was in the land of Philistines he could expect no permanent peace.

We are in the world. We long for peace, and would throw all our influence and service into the cause of bringing a righteous peace to the troubled peoples of the world. But let us not be misled by that desire into the support of unscriptural and impossible peace programs. This world is a sinful world, and as long as that is true, there will be strife and war, that men (as James puts it) may have the gains thereof for their own pleasure.

Our business in such a world is to preach the gospel of grace, winning men to Christ, that they may become men of good-will. Isaac was such a man, willing to yield even what seemed to be his right, rather than cause contention.

Undoubtedly there are times when one must defend his name and his possessions, but all too often those who do "stand for their rights" have wrecked homes, churches, and nations, and have gained nothing but an empty victory.

The peace of this world is temporary. Is there then no real abiding peace and joy?

II. Abiding Joy Is Found in Fellowship With God (vv. 22-25).

When Isaac came up into Canaan, the land which God had promised to him, he found real peace and an abiding joy in renewed fellowship with God. Even so, the Christian man and woman who will step out of a spiritually destructive fellowship with the ungodly world and come over wholeheartedly into the spiritual Canaan of full consecration and separated living, will find true peace and satisfying communion with God.

Our thought, however, has wider application—one much needed today. There is to come a time when this world will have true and abiding peace which shall cover the earth like the waters cover the sea. When the One who has the right to reign, the Lord Jesus Christ, returns to take His throne, then, and not before, will there be true peace.

We await that day with longing which grows more intense as men grow more violent in their hatred. But is there nothing more we can do? Yes, we learn from Isaac's experience that—

III. A Godly Life Is a Testimony to Warring Men (vv. 26-31).

These men were wicked men, even speaking falsehood in their claim of friendship toward Isaac (v. 29). Now that they perceived that God was continually blessing Isaac in spite of their repeated injustice toward him, they decided that it would be well to make a covenant of friendship with him. Even those who follow the way of war and aggression cannot deny the effectiveness of true Christian testimony.

Observe also that by his patience and kindness Isaac ultimately made friends out of his enemies. "It is better to turn enemies into friends than to beat them, and have them enemies still." And so this man with the patient, self-sacrificing spirit brought peace not only to himself, but to those about him, because he believed and trusted God. "When a man's ways please the Lord, he maketh even his enemies to be at peace with him" (Prov. 16:7).

What can we do to bring peace today? We can pray that God will help America and her allied nations to turn to Him in repentance of sin, and in a desire to so honor His name that He may be able to give His blessing. When Hezekiah spread before the Lord the threat of his enemy, God undertook for him in a mighty way, because his heart was right toward God (Isa. 37:14-20). Will he do less for us?

NOTES TAKEN AT THE BARBECUE

Grenada Theatre, Hotel Barwin, Hiver-Lilly, B. J. Anderson, City Ice & Coal Company, Grenada Coca-Cola Company, Grenada Bank and Grenada Grocery Company on Thursday afternoon and evening, tendered a barbecue supper to a number of the office and managerial personnel employed at the camp and to a few local business men of Grenada, including the writer.

Brunswick stew, blended to a degree that would make old man Ep. I. Cure himself smile with uncontrolled satisfaction, barbecued chicken cooked to the proper degree and seasoned as only Harry Mills (col.) can perform these culinary duties, and many other good things, were served on improvised tables set in the magnificent grove at Avent McElwath's country home a few miles north of Grenada.

Mr. H. J. Ray served as sort of Master of Ceremonies until the important duties of that position were usurped by Brother Pott of Smith & Pott, who carried on in the spirit (s) of the occasion.

Mayor Proby of Grenada, welcomed the guests and stated that the degree of lawlessness incident to the influx of thousands of construction men was very, very far below expectations, and that the men were most orderly and law abiding.

This occasion was one where the business men of Grenada became better acquainted with the gentlemen who direct the building of Camp McCain, and where also the men from the camp saw that Grenada men were just ordinary

human beings. There is nothing better to get folks together than a good meal.

Osley Lilly, always polite and hospitable, was more or less a welcoming committee and well did he do his job. He was most ubiquitous, and if he does not know what that means, ask his daddy-in-law. He made everyone feel at home.

As there was no check made, I am not able to say how many whole chickens were consumed by Herman Heath.

Not only did I gain an opportunity to have a good meal, but I also gained a new probational subscriber, Brother House.

Brother Mr. McWhirter, about whom the Blitzkrieg talks so much, and he seemed to be a very, very human kind of dude.

Brother Laurence J. Phillips of the U. S. Main Company must have already eaten supper as he did not eat over three bowls of stew.

Brother Pott and I, both veterans of the First World War, and I became quite chummy, even if he did seek to put me on the spot about the Termites' Perfection. His division and my division were just across a river from each other when we were in La Belle, France.

While the party broke up about dark, it reopened in smaller groups all over town.

Everybody had what might aptly be called a "grand time."

Although I recently had a little article that did not flatter the barracks, Brother Kratt of the J. A. Jones Co., and I got along without a semblance of discord.

Major Wade and his staff of uniformed and ununiformed aides added much to the occasion. The Major is one of the finest fellows I have ever known.

One of the hosts, H. L. Honeycutt, was not present, or, if so, I did not see him.

I have worked on construction and engineering jobs and always one will find such a bunch of whole souled, hard fellow well met crew, and the bunch at Camp McCain is no exception. Any member of the bunch would give the shirt off his back to a fellow employee.

The U. S. Navy was represented by Ensign B. C. Adams, Jr.

"Smitt" and "Pou", Isaac's little brothers, added much to the occasion by their songs and dances.

Those who feared I might tell tales out of school now see that I am like the three monkeys, see nothing, say nothing, hear nothing.

Avent McElwath certainly has an ideal place for such a gathering. He has so many chickens and turkeys that he could easily have sold enough chickens for the barbecue and not missed them from his flock.

I saw a lot of folks whose faces I recognized, but whose names I did not know.

After everybody was filled to capacity, there must have been enough left over to feed General McElwath's army for a couple of days. That's the way his name sounds anyway.

Everybody wondered how Jack Sanderson found room in his small body for so much provender.

Among many others who were most helpful was "Red" Rose.

Much obliged, for a very pleasant evening.

GRENADA CITY SCHOOLS TO OPEN SEPTEMBER 3

(Continued from page 1, 2nd Section) sion. But we are still short and we are asking for additional homes. If you will room one or more teachers, will you kindly call the high school office or the home of the superintendent? Kindly remember that teachers are not paid the wages that many people receive in the government service, but they are public servants and for their accommodation, the people of Grenada should feel a responsibility.

BEGINNING SCHOOL CHILDREN
The school laws of Mississippi fix the minimum or entrance age for the children to the public school at six years, by September 1. We have, heretofore, overstepped the laws to the extent of two months, accepting beginners who become six years of age on or before November 1, but no children will be accepted who become six at

any time after November 1. Where possible birth certificates should be presented. All beginners are in the care of unusually efficient and experienced teachers.

VACCINATION
Vaccination against small pox, typhoid and diphtheria is required of all pupils. Dr. McGahey, of the County Health Department, will have a date at school soon after school opens when pupils who have not been vaccinated can receive his attention. In the meantime parents who wish to have their children vaccinated by their family physician are urged to have this done.

GRAND OLE OPRY STARS ON PARADE

Yes sir, they're coming this way. WSM's Grand Ole Opry Stars are on Parade and will appear in person under their big tent.

Make your plans now to come and bring the family with you, there is something in the show for every member of the family. There is plenty of fun for everyone. This is the second time in the whole 16 years that the Grand Ole Opry has been on the air that they have conducted a summer tour. This year, in answer to the many letters that we have received asking for the stars to come to different cities,

UNCLE DAVE MACON

We are answering these requests with a personal appearance tour of WSM headliners . . . Bill Monroe, singer of "Mule Skinner Blues" and his Blue Grass Boys, with Cousin Wilbur, Clyde Moody and Fiddling Art Wooten, favorites of screen. Also those two black-faced purveyors of mirth and harmony Jump and Hokey, stars of Radio, Minstrels and stage; Dewdrops, star of Radio Screen and popular recordings. Also Tommy Thompson, The Singing Range Rider. Yes sir, it's a big show with the genuine stars of WSM's famous Grand Ole Opry. They are all Opry Stars, there isn't a substitution in the whole lot. There is a lot of show waiting for you when the Grand Ole Opry appears under their big tent right here in Grenada at Hoffa Lot. Show starts at 8:30. Come early and stay late.

A NEW EMBLEM JOINS an OLD

YARDSTICKS for the measurement of Illinois Central participation in the war continue to develop from day to day. One shows how Illinois Central enlistments are running well into the second thousand—not relatives of workers, but workers themselves. Another shows how Illinois Central rails are humming under the unprecedented wartime traffic and how efficiency is increasing despite the lack of materials that would make the increase less difficult.

And now there comes an additional measure in the announcement that Illinois Central workers have substantially passed the 90 per cent mark in the purchase of war bonds on the payroll plan. That accomplishment brings us—all of us—the right to display the Minute Man emblem and to roll up our sleeves anew for the final drive to the 100 per cent position.

Up to the middle of July some 93 per cent of the Illinois Central's 37,256 employees had subscribed for war bonds. Monthly payroll deductions totaled \$283,671. On a yearly basis these would account for purchases totaling \$3,404,052. Cash purchases otherwise, including pre-campaign deductions, were reported to total \$1,788,924. Combined, these indicate a total year's purchases aggregating \$5,192,976, a sum not so very far short of 10 per cent of the railroad's total payroll of \$65,362,288 in 1941.

We may confidently expect some such goal to be reached in the not-so-distant future. For all of which we want to thank the members of the Illinois Central war bond solicitation committee which has functioned so successfully in the campaign to date.

In this connection also, I want to pay a sincere tribute of approval to the personnel of the railway labor organizations, who went to bat in great style for this essential patriotic enterprise and assured its success. The labor executives assumed a degree of initiative and leadership which took the project largely out of the normal status of a management-sponsored idea and made it truly a co-operative effort—the forerunner, it is to be hoped, of many enterprises both in and out of railroading itself on which we shall go forward shoulder to shoulder in the future for the common good.
